BANDYS HIGH SCHOOL

Some believe that "the school", a building, is education. But visualizing it through the mind's eye of the student, one discovers that education is not in the text itself. Knowledge is gained only through the communication of one's experience to another – and that communication is education.

IT WAS...

... the feeling you had when you finally figured out that math problem or realized that you had hurt someone. The feeling you had when you crossed the goal line or that burning sensation in the pit of your stomach when you made the key mistake.

All a part of learning, preparing you for the real challenge just ahead, ... life, in a world where problems must be faced, and solved ... alone, in a society in which a friend becomes more sacred and rare than you could have ever imagined, in a nation where victory is sometimes only a short-lived trophy recognized by few, acknowledged by even fewer, a system in which the penalty for error can sometimes be greater than is the reward for victory, and most of all, a world of constant and, for some, overwhelming change. Every day we prepare for that life, each in our own way. We come to school to learn about this world, about ourselves, and in the search we discover that there is a common bond that holds us all, teachers and students alike, together, a unity of purpose. Communication and so, education and its ultimate goal ... knowledge.

But education does not stop here, it never stops, for we know more this day, this instant, than we have ever known, and tomorrow, more than today.

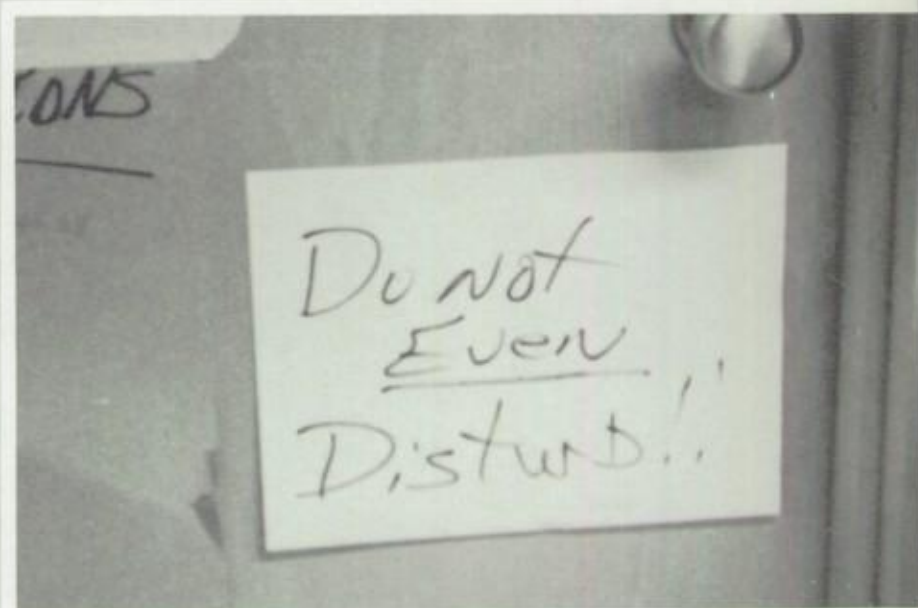

But what makes us different?

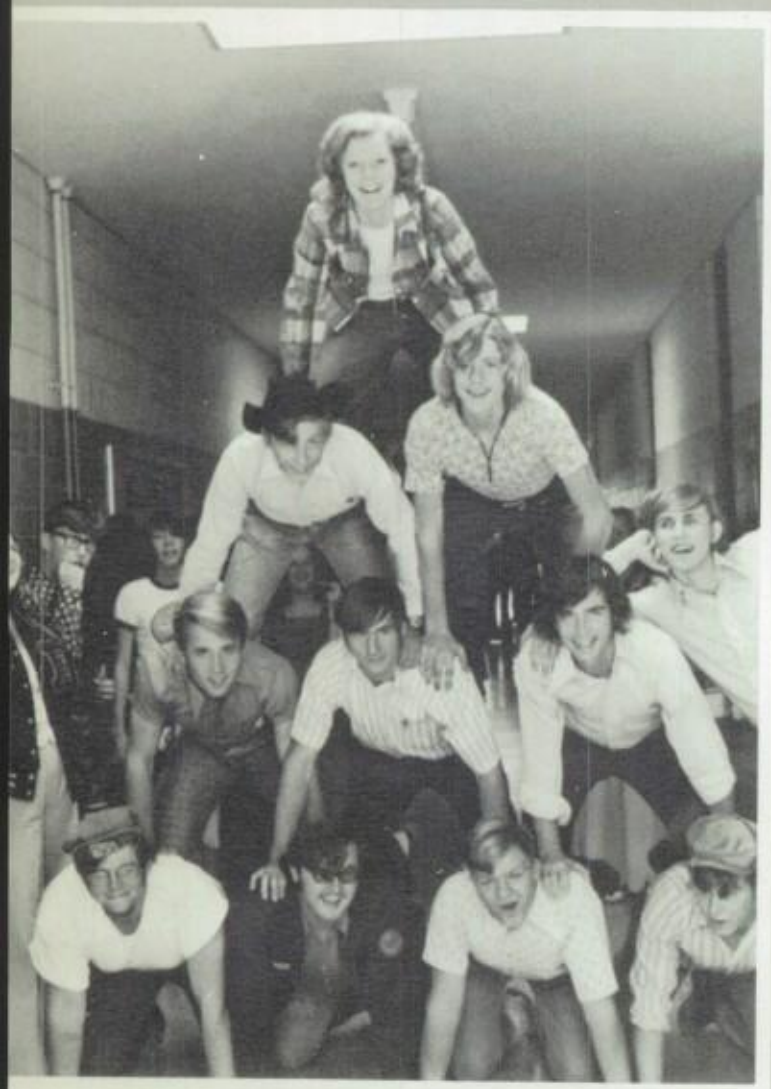

To you solving a math problem may be a small accomplishment while to me that same problem holds a promise of victory. Hurting someone may mean little to you, but a heart is everything to me. Maybe you have crossed many goal lines, and the chant of the crowd no longer rings in your ears, but that sound is sweet to me. That you have blundered seems a small setback, that I have failed seems all is lost.

Yes, we are different . . . you and I, playing the same game, with different rules, and each of us winning in our own way—perhaps to win you can stop along the way, while I go on playing, playing, till I am sure I have found my place. But you must not quit the game before it is won. Let no one rob you of yourself. For to live by the ideals of others, you must sacrifice YOUR MIND for THEIRS, and stifle your heart. You must nod yes when your heart cries no, you must smile when tears are rushing to your eyes. Who are you then? Every man must be at peace with himself before he can be at peace with his world.

At last, within each person there lies a conscience, created at birth, tendered by experience and by religion, and sustained every day by evidence in our lives of a living God. A conscience sometimes humanistically developed, sometimes perverted, still it is . . . your decision, for you are an individual.

Different . . . yet inseparable.

"It is part of God's miracle that no two human beings are alike, yet all connected somehow, all part of a fantastic web of wonders in which our lives touch, every minute of every day, and the impact of our ideas and actions affect all who surround us." Therefore, every man must share the consequences of the inefficacies of mankind as a whole.

The human species has eternally sought three aims in his short life; to secure love, sustain peace and acquire happiness. Yet, 400,000 years later modern-day man reaches for these goals as if he were still a savage. Advance in technology has far out-paced societal change and renewal. We still seek peace through war, an act that has never secured order or serenity only recurring violence. We have replaced love with an impostor, superficial emotion—and in the hustle-bustle of everyday life, success seems to have replaced happiness, but success has

never insured a happy life.

Society as a whole is at fault and we are all a part of it, for these three goals are common to all of us. What is needed now is for each one of us to look at ourselves, examine our lives and find out just how guilty we are of misplacing these goals. The next step is to make the adjustments needed to get our lives back into proper perspective. Though this process begins, as it must, on the individual level, we must expand and consciously work together, as a team, as a nation, as a race, to advance outmoded ideas and form a society geared for the needs of today . . . and the future. It can be done, it must be done.

We can no longer live on this earth together as we have in the past, we must push for a new era, a world of peaceful co-existence and cooperation between all nations and all men.

IT IS . . .

. . . Our answer to the challenge that is the world's hope. To paraphrase the late Robert F. Kennedy

We must first rely on youth—a state of mind, a temper of the will—courage over timidity, an appetite for renewal. The cruelties which span this planet cannot be eliminated by those who cling to the past. This generation, and around the world, has a greater burden of responsibility than any generation that has ever lived.

"There is," said an Italian philosopher, "nothing more difficult to take in hand, more perilous to conduct, or more uncertain in its success than to take the lead in the introduction of a new order of things." Yet this is the task of this generation.

We must first remember that many of the world's great movements, have resulted from the work of a single man. A young monk began the Protestant Reformation, it was a young Italian explorer who discovered the New World, and the thirty-year-old Thomas Jefferson who proclaimed that all men are created equal. "Give me a place to stand," said Archimedes, "and I will move the world."

These men moved the world, and so can we all. Few will have the greatness to bend history itself, but each of us can work to change a small portion of events, and in the total of all those acts will be written the history of this generation.

We must believe that there is no inconsistency between ideals and real possibilities, no separation between the deepest desires of heart and mind and rational solutions to human problems. Of course, to adhere to standards, to idealism, to vision in the face of immediate dangers, takes great courage and self-confidence. But we also know that only those who dare to fail greatly can ever achieve greatly.

It is this new idealism that is the common heritage of this generation and only through these ideals of humanity and love can we break faulty traditions and free ourselves to make a better world.

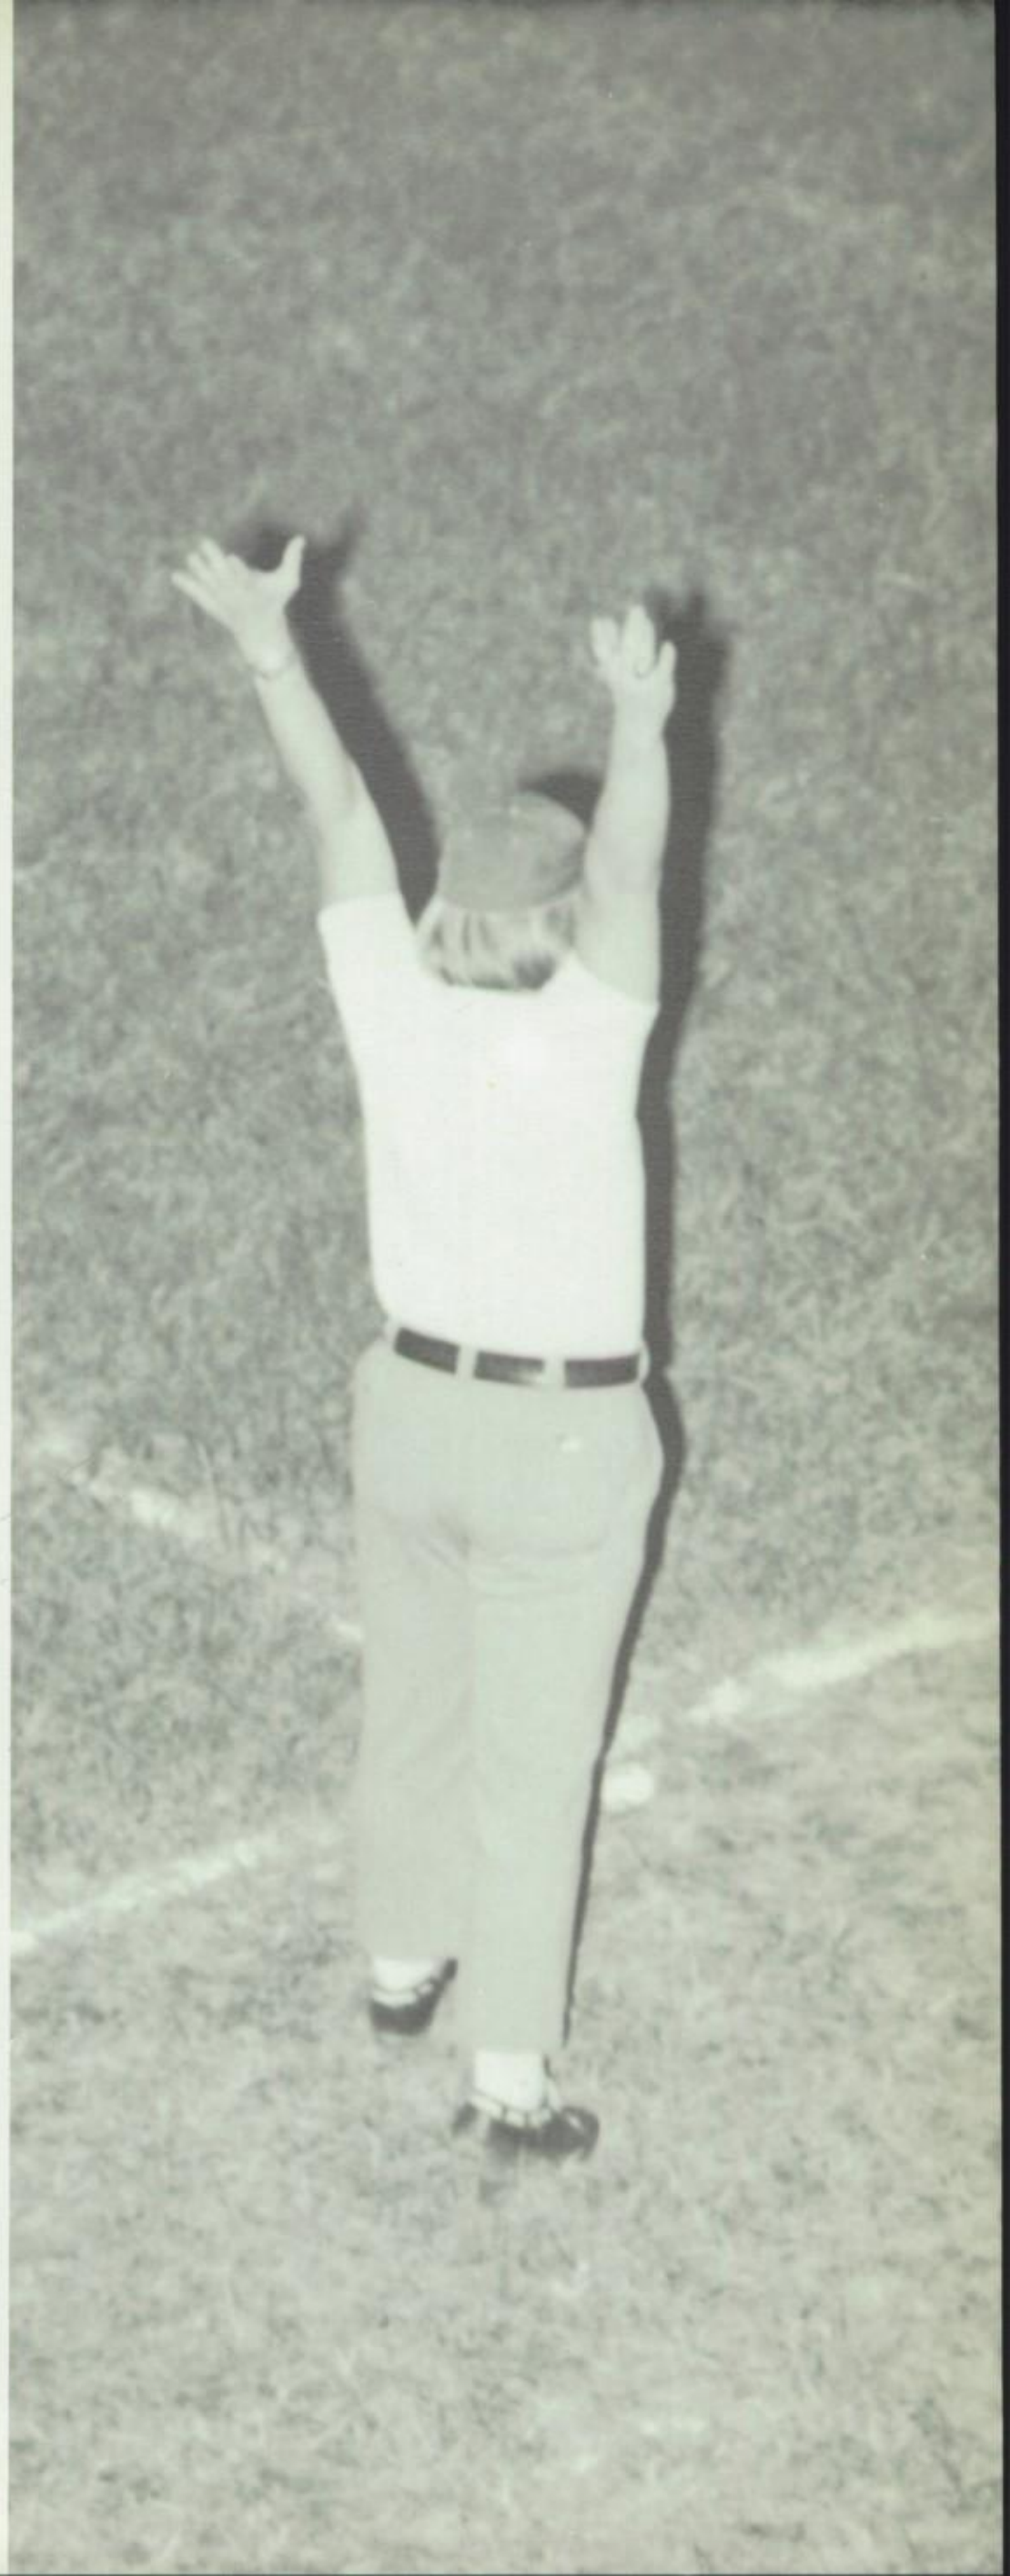

There are obstacles. Few men are willing to brave the disapproval of their fellows, the censure of their colleagues,

the wrath of their society. Yet it is the one essential, vital quality for those who seek to change a world that yields most grudgingly to change. But, in this generation those with the courage to enter the battle will find themselves with companions in every corner of the world.

At last, it is easy to follow the familiar paths of personal ambition and financial success so worn by past generations. But this is not the road history has marked out for us. Today we are more open to the creative energy of men than any time in history. All of us will ultimately be judged, and as the years pass we will judge ourselves, on the effort we have exerted to build a new world society and to what extent our ideals and goals have shaped that effort.

Our future may be beyond our vision, but it is not completely beyond our control. It is neither fate nor nature nor the irresistible tides of history, but the work of our own hands, matched to reason and principle, that will determine destiny.

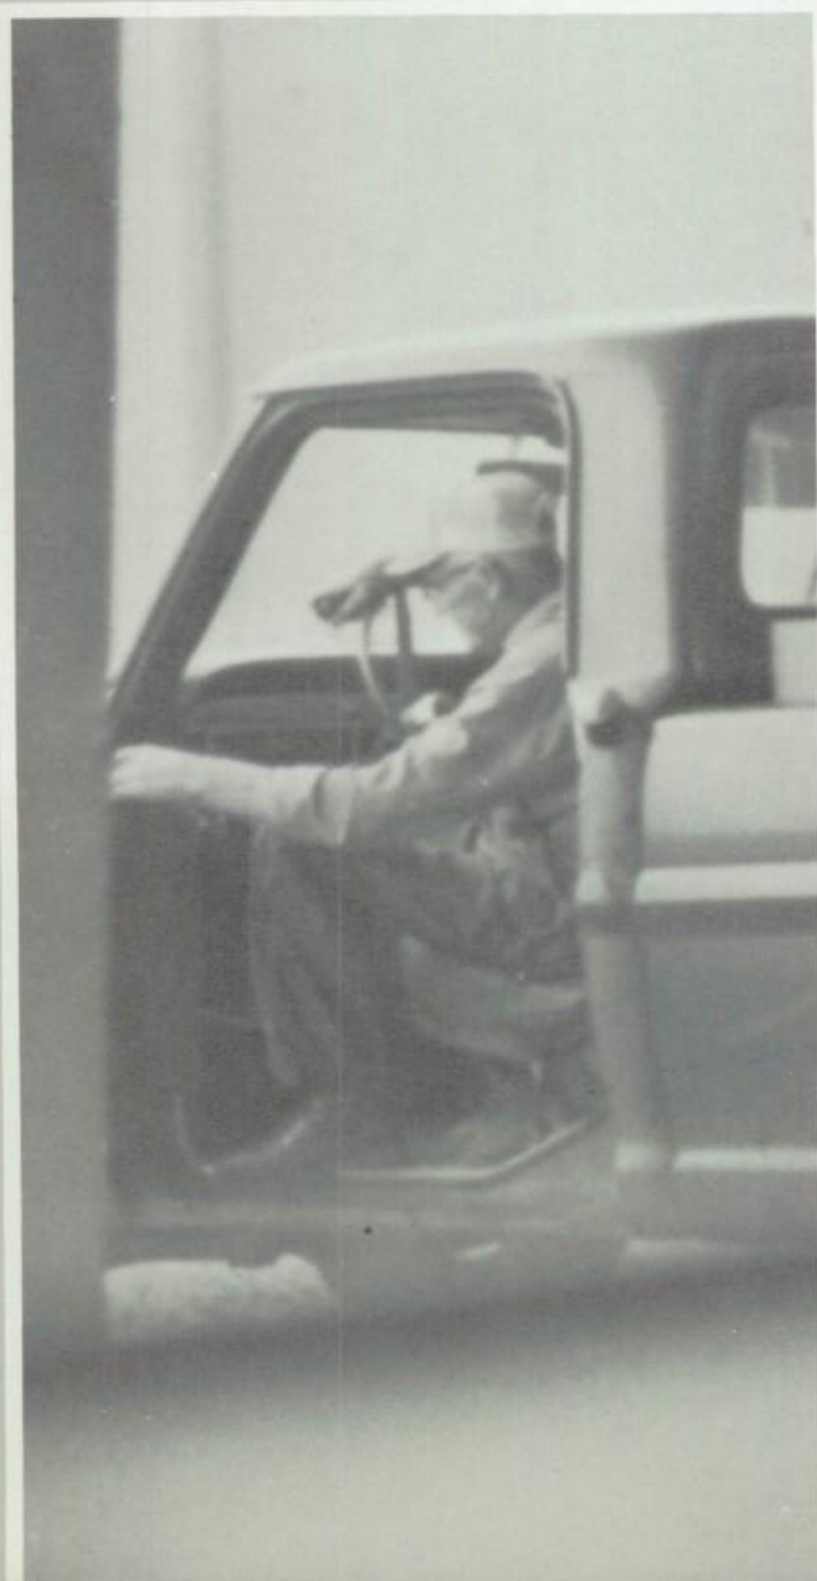

1974 SPIRIT EXEMPLIFIED IN DEDICATION

The worn tradition of dedicating the Trojan to a deserving faculty member was side-stepped by this, the Senior Class of 74. The move came not just for the sake of breaking tradition though. It was a decision which reflected, exactly, the spirit of the year—the class and the entire school. By an overwhelming margin the Trojan 74 was dedicated to Mr. and Mrs. White, school custodians.

The devotion of this man and wife team to BHS dates back fourteen years. In all those years their record is unblemished. Not afraid to learn or change, they have recognized that they are unique individuals and have worked together, with us—for us, and have retained a youthful attitude toward life.

Perhaps above all, the Trojan 74 is dedicated to a way of life—a life of productivity, pride in one's work, love for others, a life that demands respect, a full life—happiness. Forget the diversions, the flashy, plastic coverup life, popularity, money, power, etc. . . . Get down to what life is really all about and it's clear that the measure of success and happiness yesterday no longer applies to today—to this class, nor should it.

Sometimes being a custodian requires some hauling of supplies.

ACADEMICS

AN EFFICIENT AND RESPONSIVE OFFICE

... is the key to a well-coordinated educational program. Here at Bandys we feel that we have an outstanding administration. The office is the central unit of the school, and a smoothly functioning school is dependent on just how well this unit works and responds to the needs of the student body. An open channel of communication is maintained at all times and the administration has proven flexible. The result is a very organized school with an ability to meet financial demands and provide a better educational atmosphere.

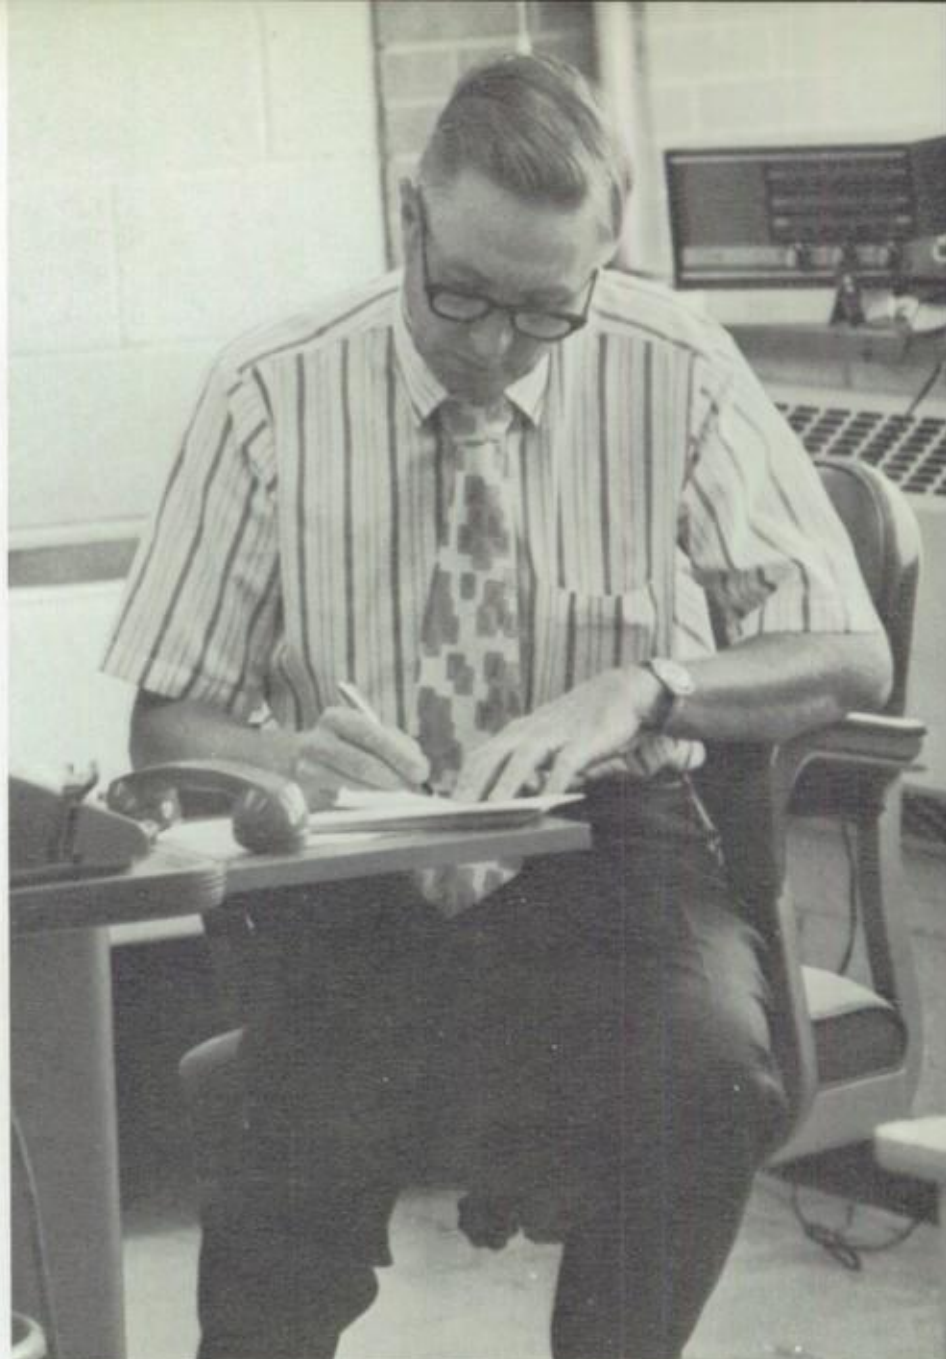

Mr. Glenn A. Sigmon

Mrs. Howard Throneburg
Secretary

Mrs. Throneburg and Mr. Bost proved that you can work with a smile.

Mr. Sigmon consults the faculty. Here he is talking to Mr. Hilderbran.

IF IT'S GUIDANCE YOU NEED AT B.H.S. . . .

. . . you can take comfort in knowing that your problem is in the hands of an experienced Guidance Counselor, Mr. W. A. Sigmon. Besides counseling personal problems Mr. Sigmon also helps students in other ways, by answering questions concerning college or vocational plans and by conducting all standardized testing given to BHS students. Mr. Sigmon is a man who is concerned about you and is ready to help you in any way he can to make living here at BHS a little easier.

OR MAYBE THE LIBRARY

. . . can lend some assistance. If you are looking for research materials, visual aids, records, or just an interesting novel to read, you'll find it right at your fingertips in the library. We have recently added nearly 900 new books to the rolls along with new teachers' aids, 400 new filmstrips, 175 records and 150 new cassette tapes. The library here at BHS is continually expanding both its materials and services.

OUR SCIENCE DEPARTMENT IS EQUIPPED TO...

... satisfy any curiosity you have about science in general, chemistry, physics or biology. From the mixing of sulphur, charcoal, and potassium nitrate to form gunpowder, to the complicated and interesting reproduction of microscopic plants, you'll find it all right here. This department is fundamental to a well-rounded education. In fact essential, because a student of science knows that his knowledge of science today will become more important in his everyday life in the future.

SOCIAL STUDIES. THE WORLD AND ITS PEOPLE.

Two units in this department are required, U.S. History and another Social Studies related subject. You can choose from a growing curriculum: N.C. History, Economics and Sociology, World Culture Western Hemisphere, or World Culture Eastern Hemisphere. History serves two very significant purposes to modern man. It helps him understand why civilizations rise and fall. It therefore paves the way for future civilizations which, upon learning from past mistakes, can go on to build better societies. Discussions in the Economics and Sociology classes have led to the solution of some long-standing school problems. So this department serves not only its students, it is a service to the school also.

A LOGICAL COURSE TO TAKE IS MATH.

Yes, logical. Even your everyday decision-making process is dependent upon your knowledge of math. In a society where your job may depend on just how quickly and accurately you can solve a problem, math has become a very useful tool. This area of study also does something vital to every student, it makes him think. Once you've stretched the grey matter, you are on the way to the discovery of the many wonders of mathematics. Whether it's consumer math or trigonometry, you can find some phase of this department that will interest you.

Pam Setzer asks Mrs. Robinson for advice.

Mr. Hilderbran certainly knows that math is sometimes frustrating to teach.

ENGLISH IS THE NUMBER ONE COURSE...

... here at BHS and is the only subject required all four years. From basic grammar to analysis of Shakespearean plays, you discover that an adequate knowledge and command of the language is essential in a world based on communication. The department has expanded and up-dated to include new contemporary courses in public speaking, journalism, and debating.

Mr. Walker keeps his classes both busy and interested.

BUSINESS MAY BE WHAT YOU ARE LOOKING FOR.

If you are contemplating a career as a secretary, clerk, or an accountant, you will need the basics in this department. Typing, shorthand, and bookkeeping are a few of the subjects taught. A growing business field and the opportunity to learn under two exceptional teachers, Mrs. Miller and Mrs. Harris, certainly is incentive enough to get into the business department here at BHS.

Mrs. Harris gives helpful hints on how to improve your typing.

THE COMBINATION OF HEALTH AND P.E. . .

. . . results in a very necessary and recreative department. One unit is required and though it is a very desired course, Health and P.E. can be taken only during the eighth grade, freshman and sophomore years. Of course P.E. is the fun side of the department with year-round sports: football, basketball, volleyball, soccer, softball. The other half, the academics of good health, is just as important. Today's scurrying pace places an ever increasing physical demand on all of us. In response, this department is teaching us how to stay healthy and so prepares us for life's physical demands.

IF YOU ARE INTO MUSIC...

... then you'll want to be part of our growing Music Department. The Music Department as a whole, is the most active department in the school.

OR FRENCH...

... the language of romance and smoothly flowing words. But it takes a great deal of practice to acquire even a limited fluency in the language. You begin in French I learning the basics, the alphabet, spelling, number system and word pronunciation. Then you're ready for French II where you gain a deeper understanding of the verbs and the varied customs of the French people. One common feeling expressed by those who have taken French is that being able to communicate in another language is an exhilarating and invaluable experience.

SPECIAL EDUCATION PROGRAM ADDS A NEW COURSE

The Special Education program was set up five years ago primarily to teach students the fundamentals of basic high school subjects. The preparatory program expanded this year to include a new course. Basic Occupational Training class teaches students to fill out job applications and gives an overview of the jobs that are available in various interest areas. The program is a relatively new one but is growing and is an important part of BHS curriculum.

IF YOU KNOW WHERE YOUR VOCATIONAL INTERESTS LIE . . .

. . . you have the opportunity to participate in an excellent vocational training program here at BHS. Whether you are seeking a career as a seamstress, bricklayer, carpenter, or housewife after high school, you'll want to get involved in this program. Agriculture, Carpentry, ICT and Home Economics are the present course offerings. There are many extra-curricular projects, contests, and other activities to take part in. This department is taught by very dedicated and highly skilled teachers, who will certainly do their best to prepare you for the vocation of your choice.

BEHIND THE SCENES

... PERSONNEL

All the unseen yet key work is done by this most dedicated group. Almost 700 students pass through the school cafeteria each day. To prepare a balanced, nutritious, and filling meal for a mass that large takes exceptional planning and just plain hard work.

The appearance of our school is always a point of pride held by BHS students. The fine job here, too, is attributed to this fine staff.

Without their devotion to duty and their smiles as we pass through the lunch line or meet them in the halls, BHS just couldn't run as smoothly as it does. We pay tribute to a job well done.

SPRING FESTIVAL . . . FROM HEE HAW TO LAUGH IN

Sponsored by the Beta Club, who had originally planned to provide from one to two hours of entertainment, the program ended up far over time, and for good reason. Not a moment was wasted, from skit, to joke, to song, to the championship tricycle race which was won by the seniors, to the beautiful Spring Festival Court. Presiding over the Spring Festivities was the Queen of Hearts, Miss Linda Reinhardt. The air was constantly filled with laughter, the screams of support for the various cyclers, and applause for the skits and court. So went the sight and sounds of the exciting, fun-filled, 1973 Spring Festival.

SPRING CONCERT ENLIVENED MAY SPIRIT

May began with a little extra this year. That something extra added by the first Spring Concert ever! Featured was the Band, the Chorus, and other talent. The day was beautiful and the turnout was tremendous.

Witnessed, was the awarding of letters to deserving band members, and the special band awards. Top honors went to Steven Deal, who received the John Phillip Sousa Award, and the Most Improved Band Member Award went to Judy Fulbright. But, as it should be, most of the time was spent entertaining the many parents and friends who came. A success, something to be remembered, the first and certainly not the last . . . Spring Concert.

TEAMWORK PLAYED PART IN PROM PREPARATION

The Prom is traditionally one of the responsibilities of being a junior. First comes the planning, the decision, then the work, decorating! This class was an exceptional one, many turned out to decorate, not just the usual, do-everything students. Thus, when they were done, all was ready for the Junior-Senior Prom to begin.

Teamwork spreads decorations of entranceway into an Evening of Paradise.

PROM — AN EVENTFUL MOMENT

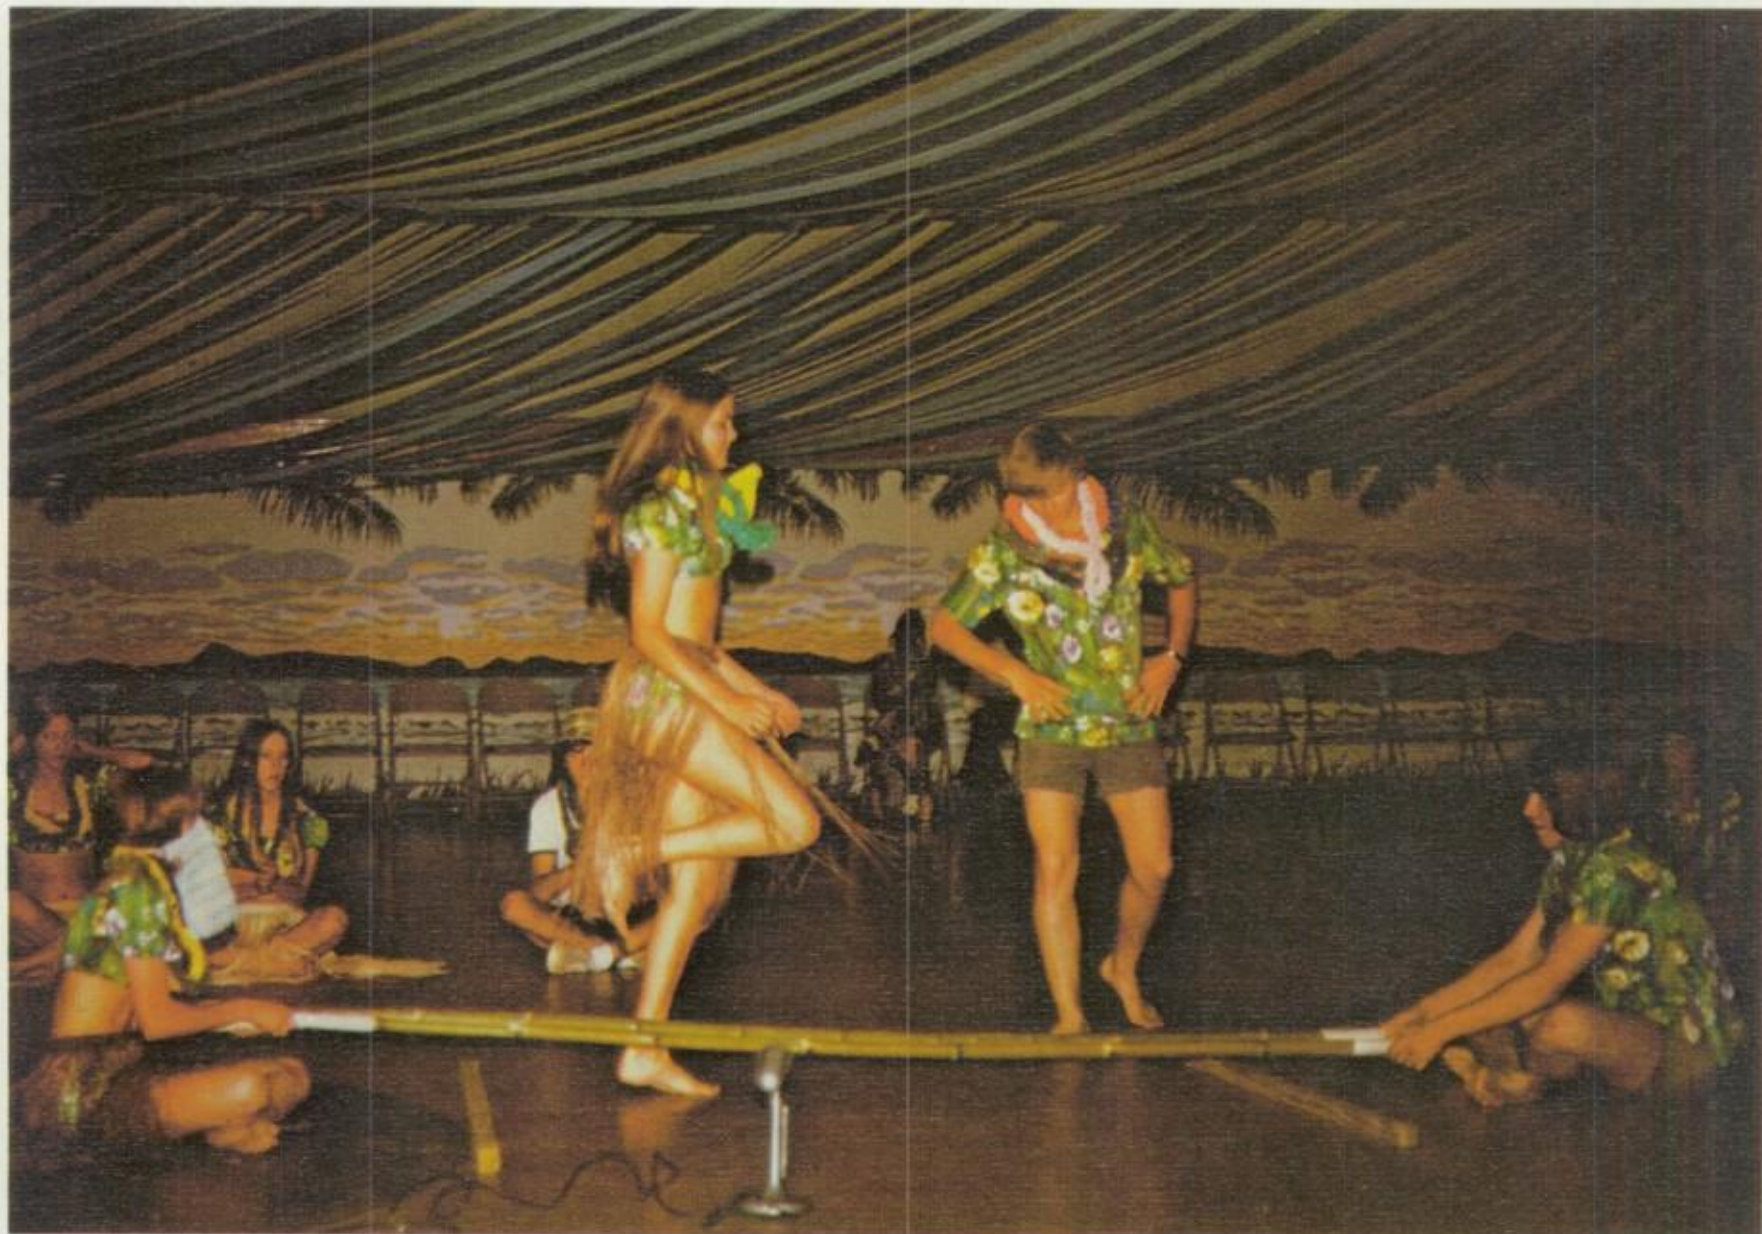

From the minute you arrived until you left, there was constant happening. You danced until there was no strength left, there you watched and laughed at the sophomore entertainment skits, you applauded with the Crowning of the King and Queen, and you were totally caught up in the spirit of the 1972-73 Junior-Senior Prom.

We were all there for the same reason, for the same purpose. Putting aside our everyday hang-ups and anxieties, coming together mutually, for this one special night of the year, to enjoy ourselves . . . and so it was!

REMINISCE...

Now, as we look back at this night, perhaps some of the "color" has faded from our memory, but the memory itself, will never depart from us.

Bright, multi-colored suits and evening gowns sway in time to fast rock sound.

Sophomores also manned well-supplied refreshment booth.

AWARDS DAY

HONORS MANY

There you were, out in front of everyone in the school, a proud moment indeed. Whether you were a star athlete or an academic whiz, this was your chance to receive recognition for your outstanding achievements here at BHS.

All your favorite football and basketball players were there, the cheers went up when all-conference honors were awarded. A long line of hard-working bus drivers awaited their awards. Now you know who was top in the English, Math, Science and Social Studies departments or who received the various vocational awards. Of course we know a lot of letters were awarded to deserving athletes in all sports, football, basketball, track, and baseball. Yes, at last we all knew who were the – Valedictorian – Twyla Sheets; Salutatorian – Angie Williams, of the graduating senior class.

A fine group of students assembled to be honored, maybe you were a part of that distinguished group, if so, this was your day!

Deanna Wilson received best offensive player award in girls' basketball.

Jeff Sherrill receives best offensive player award.

The Math and English Awards go to Twyla Sheets.

And now ladies and gentlemen the moment we've all been waiting for . . . the cheer of the crowd almost drowned out the announcement . . . the 1973 Homecoming Queen is . . . Miss Lisa Laney. Confetti floated down as the applause rose, and the scene was one of unparalleled togetherness. Together we smiled as the runners-up were announced, as one, we applauded with the crowning of the queen and the stinging defeat of Granite Falls, at the hands of the Trojans 22-12. Butler Memorial Stadium was beautifully decorated for the occasion and if you were there, you were involved. A beautiful clear night and altogether the most colorful and perhaps the most outstanding Homecoming Bandys can remember.

... AND BE THERE TO EXPERIENCE THE 1973 HOMECOMING DANCE.

So went the announcement of the dance over the loud-speaker and an experience it was. Everyone was there, the greatest turnout ever, and for good reason. For two hours the band played without a break and for those two hours we danced and danced. It was the first dance of the year, we had won the Homecoming game, the queen was crowned, the music was right, and so we were right in the mood to clap our hands and altogether enjoy it. We left tired but deep down satisfied that this was our Homecoming Dance, unsurpassed.

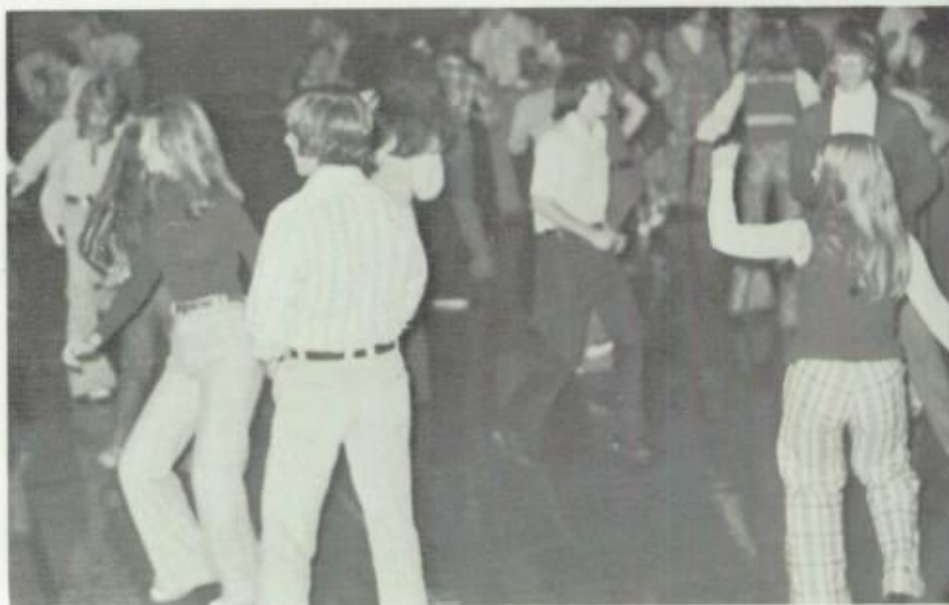

Even if you didn't dance you could still get down . . .

Robert Dennis, Cathy Isenhour, Julie Gabriel, and Jeff Hoyle didn't waste a precious second.

For Lisa Laney, Mike Lawing, Kim Sigmon, and Mike Harwell this slow dance was the time for a smile and a hug.

Every type of costume and dance was there because we came as we were, and so, each of us enjoyed the dance in our own special way.

To Eddie Burris and Jerry Helton, happiness is ...

If the beat's OK but there's no one else around, dance with a friend!

When it was time to slow down, come together and dance to a soft melody, the reflections on the shiny floor merged, as did our spiritis, and we then turned to each other.

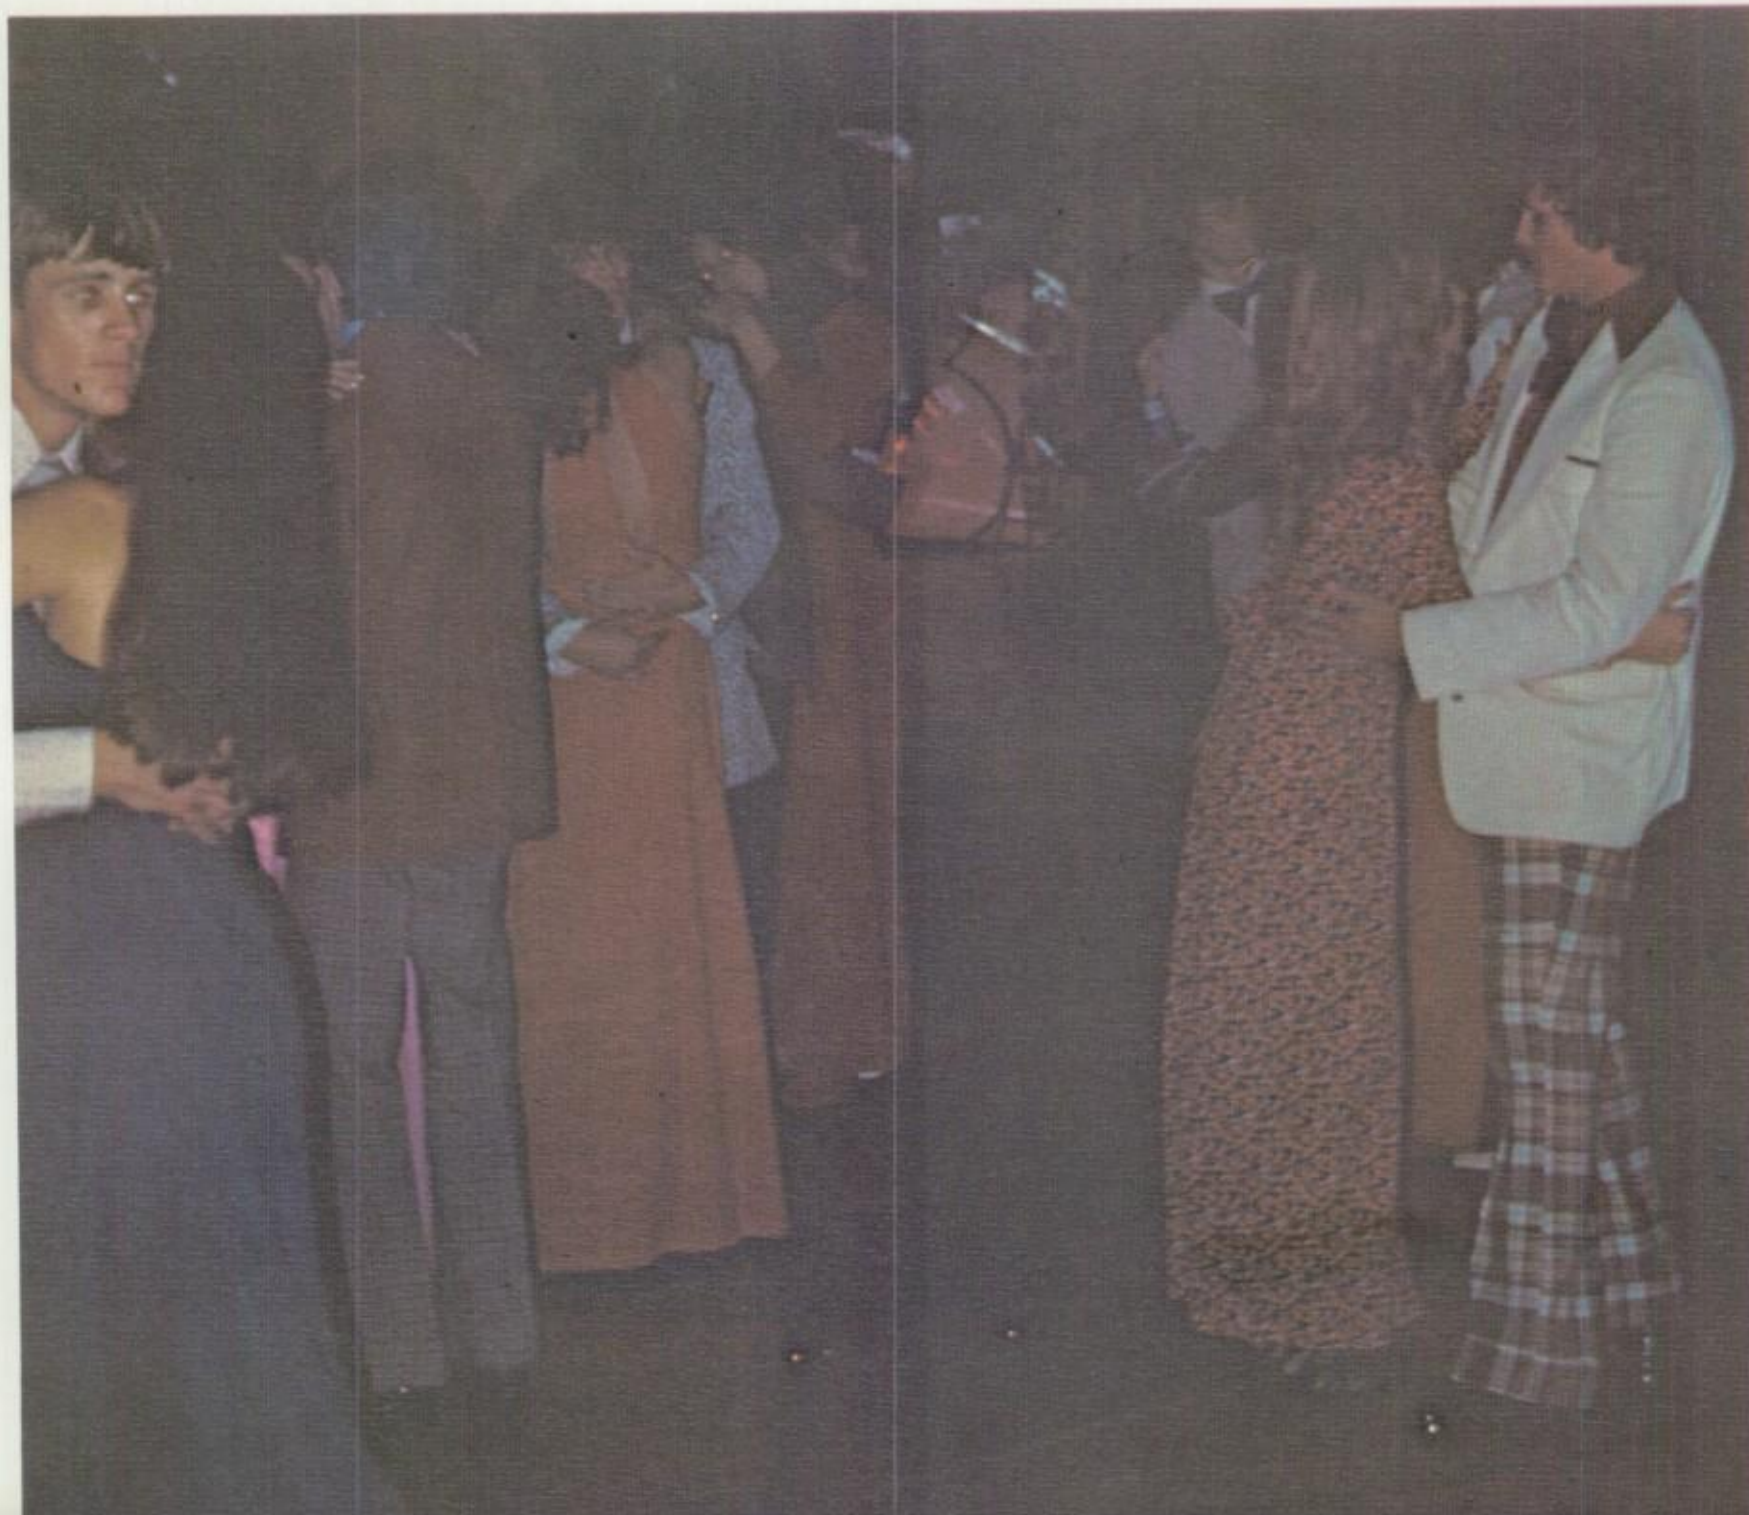

A NIGHT TO ENJOY— THE CHRISTMAS DANCE

It was cold outside on that first December evening as you waited in line for the doors to open. But, right on time 7:30, the doors were flung open and you made your way inside. Christmas decorations were all around. Red and gold streamers lined the bleachers, beautiful paper covered the walls at both ends of the gym, and suspended from the ceiling were two orange and white parachutes. A new touch to the annual French Club Sponsored Christmas Dance. When the Southern Burden belted out a song, every inch of the gym floor was covered by enthusiastic dancers. You could have taken advantage of this very special evening and fully enjoyed yourself.

Midway through the evening, Santa Claus (Laban Helderman) crowned Miss Bobbie Jones as the 1973 Christmas Queen.

CLASS MISSES REPRESENT...

... both the beauty and the attitudes of their respective classes. They are a very select group. Chosen by the vote of their class they have ever-present friendly smiles and good character. All Class Misses must keep up an 86 average, so they must also be conscientious students.

As Editor of the Ban Troia, her time was always occupied typing or proofreading. Ronda was a member of the Trojan Advertising Staff, helped on Dellingers Day, and was an Ad proofreader. She is a very busy and active young woman with a warm personality. Ronda was voted this honor, most worthily, by the entire BHS student body.

MR. AND MISS BANDYS EXEMPLARY REPRESENTATIVES

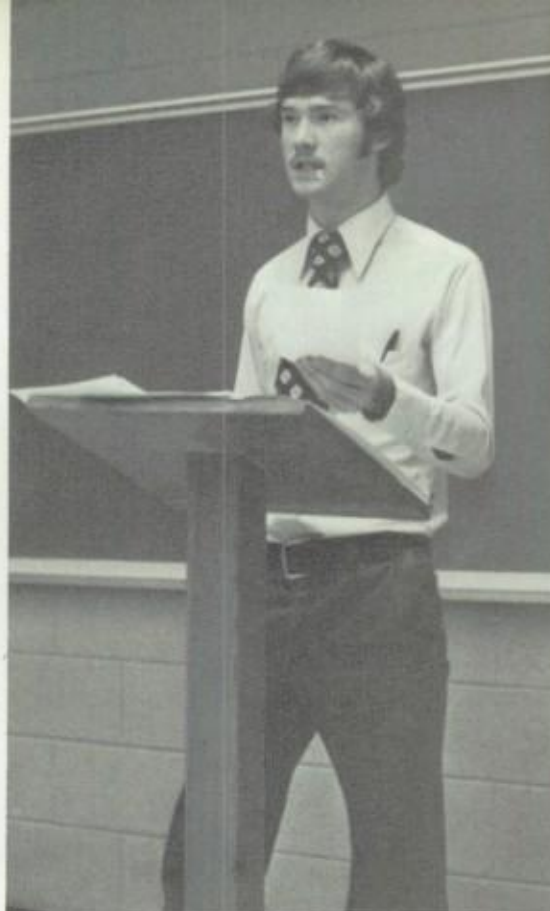

The basic requirements for this honor—must have an 86 average, obey school rules and have a pleasing personality, just don't tell the whole story. There are, in every school, students who are outstanding leaders and whom underclassmen and seniors alike look up to. John Mackie and Jerry Helton certainly fit the description. John has been the President of the class for four years and was a tri-captain on the football team. Jerry was involved in many school projects and was a typist for the Trojan. Two very personable, likeable, and remarkable representatives of Bandys High School.

THE HIGHEST HONOR FOR A SENIOR IS TO BE SELECTED TO WHO'S WHO

This year twelve young men and women were chosen from the senior class who have displayed exceptional services, leadership, character, and scholarship. They are respected by both students and teachers. The Trojan '74 would like to recognize these dependable, unselfish, and worthy young adults, not just for this honor but for their ability to remain unique individuals, and for their drive to make a lasting contribution to Bandys High School.

JUNIOR MARSHALS

Every year the ten highest ranked Juniors, academically, are assembled and honored with the title of Junior Marshal. As a group their duty is to usher at the Senior graduation ceremonies.

This year has brought a great change in the attitude and look of the Junior Marshals. Not stuffy, or over proud, this group has displayed a balance of personality and intelligence. Individually, their interests vary and their involvement in school organizations and activities make this year's Junior Marshals more than just academically superior. They were personally outstanding, and as a group, were a great asset to the school.

TWO GO TO BOYS' STATE

... as carefully chosen representatives from BHS. As rising seniors, the young men must exhibit an interest in our government and demonstrate leadership potential. Steve McAlister and David Bolick having been chosen, took part in the program this summer at Wake Forest University, which acted as host. Sponsored by the American Legion, the purpose of this program is to acquaint young men, the leaders of tomorrow, with a basic knowledge of our democratic system.

David Isenhowe, first place, Ricky Scronce, second place in local oratorical contest.

Steve McAlister and David Bolick represented Bandys at Boys' State.

"LISTEN WORLD" WAS THE THEME...

... of this year's Optimist International Oratorical Contest. The theme left open a great variety of responses which made the contest very interesting and informative. The orators must speak from three to five minutes on this theme. At the local level, winners were sophomore David Isenhowe, first place, and freshman Ricky Schronce, second place.

No one but the speaker himself realizes just what a job it is to compose a writing and to orate it effectively. It is a project that requires a great deal of practice and work. In recognition of that effort the Trojan honors you.

BANDYS HAS STATE VOICE OF DEMOCRACY WINNER

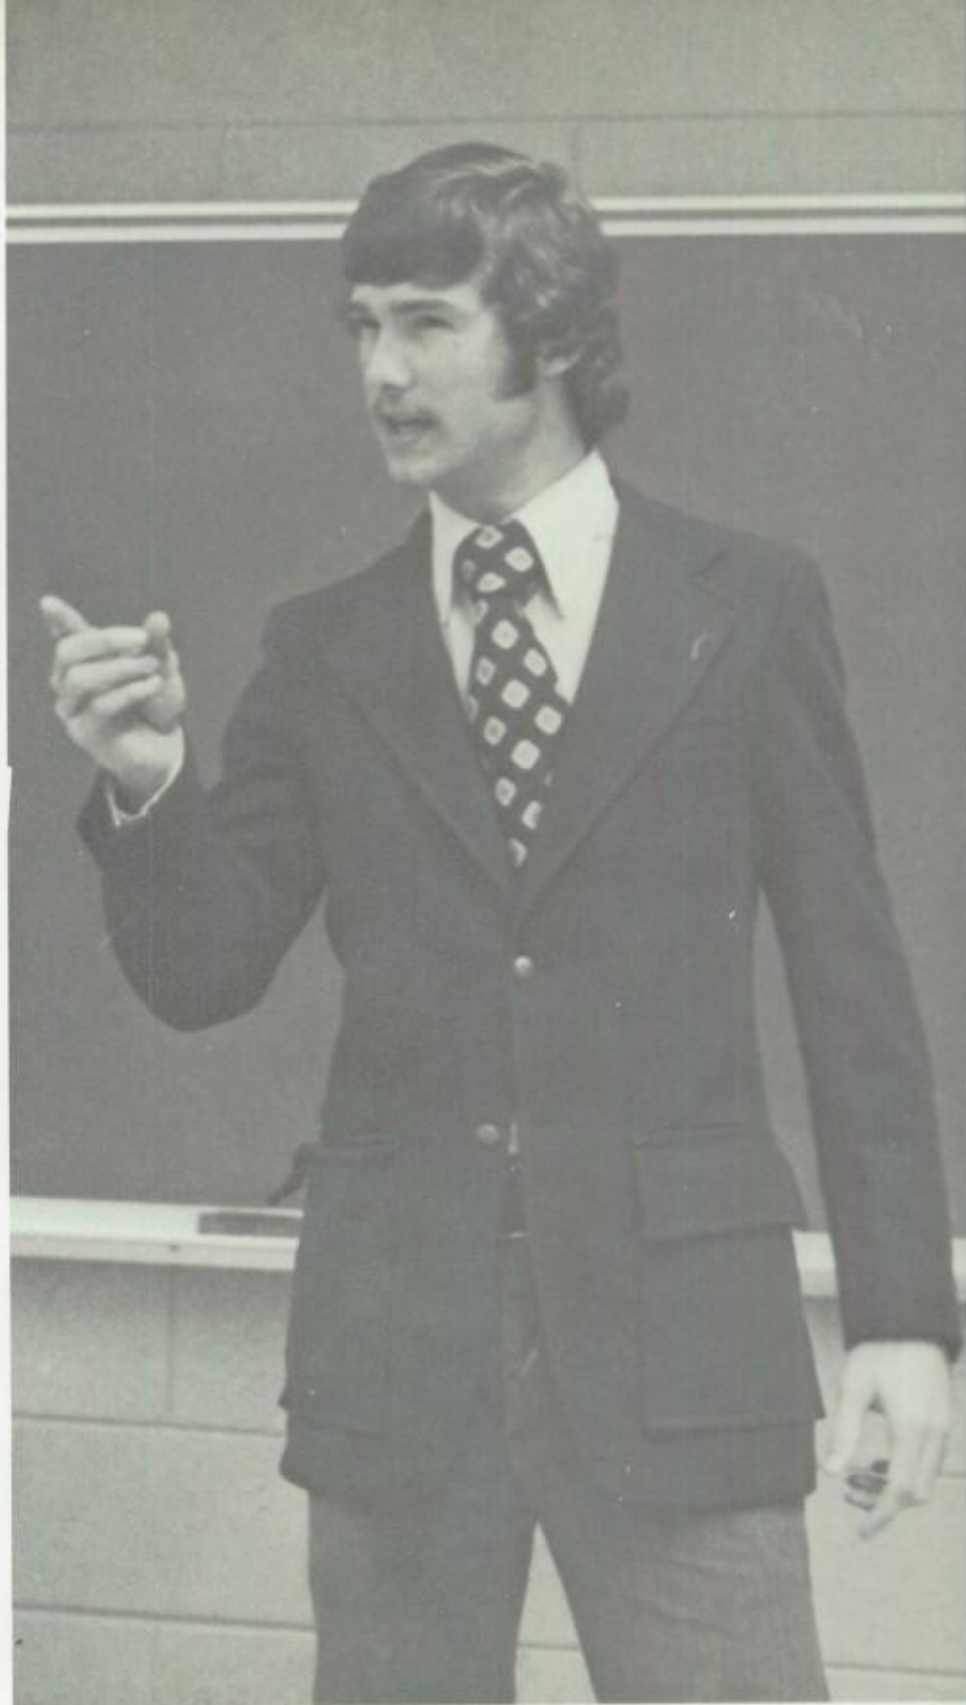

Each year the Veterans of Foreign Wars and its Ladies Auxiliary conduct the Voice of Democracy Scholarship program. It is a national broadcast scriptwriting program which provides for all high school students to think, write, and speak for freedom and democracy. This year the theme of the program was "My Responsibility to Freedom" and the winner from North Carolina was Alan Pike. Alan's remarks serve as a reminder to us all of the basic need for a personal commitment to the basic values upon which our nation was founded. Alan reminds us of:

"Our responsibility to restore faith in the ability of our Democratic system to satisfy the needs of all its people, and to restore faith in the sincerity of the American dedication to humanistic ideals."

All state winners met with the President in the Oval Office at the White House, Alan Pike (back row, left of flag pole).

Randy Sherrill has expended his energies this year as Editor of the Trojan. Here, Randy examines a slide.

... there are three ways in which a nation can die." Alan Pike stresses the seriousness of the problem and the urgent need for action.

THIS SUMMER BANDYS WAS REPRESENTED AT GOVERNOR'S SCHOOL

Randy N. Sherrill attended The Governor's School of North Carolina of 1973. This seven-week school is held annually on the campus of Salem College in Winston-Salem. Gifted and/or talented students were selected throughout North Carolina. The school is a pioneer venture in the education of the gifted.

Randy's major area of study was Social Science with other courses in Philosophy, Psychology and Epistemology. There were many enlightening lecturers from around the country. Experiences ranged from the Getting Acquainted Dance to George Loveland talking about his fantastic book, *GROW OR DIE*. Also very important: "In seven short weeks I knew I had 400 beloved friends."

BHS SENDS PAIR TO RALEIGH AS PAGES

All the civics classes held an election, the results determining who would have the unique honor of being a Page at the North Carolina Senate in Raleigh. Chosen were Sophomores David Isenhower and Randy Hilderbran. Their official title was Sentate Staff Assistant for Senator Poovey. But, as David and Randy found out, there were many other senators who also took advantage of their services as messengers. The trip was one that no doubt helped these two young men to better understand the operations of our State Government.

David Isenhower and Randy Hilderbran were Pages for the N. C. Senate.

THE MOREHEAD NOMINEE....

from BHS this year is Randy N. Sherrill. The Morehead Scholarships are awarded annually by the John Motley Morehead Foundation. The scholarship is a full four-year scholarship to the University of North Carolina at Chapel Hill. After being selected from BHS there are three levels of "competition," county, district, and state. Randy is one of four Catawba County nominees and will go for the district interview in mid-January.

THE GARRY BUTLER AWARD: PRESENTED IN MEMORY OF GARRY BUTLER

On Awards Day this year, for the first time, this very special award was presented and became a permanent part of our honor ceremonies. It will be presented each year to the outstanding Junior Varsity football player. To be eligible, a player must demonstrate these outstanding qualities: courage, desire, good attitude, and leadership, as well as athletic ability. The recipient of the first Garry Butler Award was sophomore Larry Allen.

Larry Allen proudly holds the Garry Butler Award, behind him, the trophy case where it will be displayed.

F.F.A. WON MANY AWARDS

Starting with the FFA Tool Judging Contest, our FFA organization captured second place in the local A.B.C. Federation, which is the combination of Avery, Burke, and Catawba Counties.

The other big FFA event this year was the oratorical contest. The speaker must memorize and orate the FFA creed. BHS, also had a first place winner in the local Federation in this contest. Fred Shuford won the title and will go on to compete later in the District finals.

TROJANS FINISH STRONG AFTER SLOW START

The Trojans met all the stiff competition in their four opening games and the overall record reflected those losses. 6-4-0 overall, was the final tally. The young team was hurt by lack of experience with only five seniors returning from last year. Two of those seniors, Tri-Captains, Laban Helderman and Sammy Jones were honored as All-Conference picks.

The Trojans never gave up. Each game was hard-fought and those efforts finally paid off. After the loss to East Lincoln the Trojans surged back to take the remaining five games of the season. Losses came at the hands of tough opponents. The Trojans finished the season fifth place in the conference.

In the first game of the season against non-conference foe, South Iredell, two fourth-quarter touch-downs, both of which were scored by the fleet-footed Billy Mayberry, lifted the Trojans to a 28-21 upset over the Vikings. Traveling to St. Stephens, the Trojans met with disappointment. The ground game was severely dampened by tough defensive play. Two interceptions proved very costly. The Trojans managed to total only 120 total yards and by night's end St. Stephens had blanked the Trojans by a 25-0 margin. Next the Trojans faced Maiden. The game was decided in the first half battle. The Trojan defense letting four TD's by, but the Trojans returned the second half a different team-taking the opening kickoff and driving 61 yards in nine plays to taste paydirt. Maiden was shut out during the half, but it wasn't enough and the Trojans went home with a frustrating 24-8 loss.

Returning home after a disheartening game against Maiden, the Trojans met the Bears of Bunker Hill in one of the most exciting games of the season. The Trojans tied it up at 6-6 at half-time. Then came charging out of the dressing room to take the kickoff 60 yards, with a Mayberry to Smyre connection, the Trojans jumped out in front. But the Bears came grinding back to win in the closing minutes 20-12. The losing streak ended after a Trojan loss to East Lincoln. The fatal blow came on the first play of the game when the Mustangs grabbed the opening kickoff and raced 75 yards for a score. The breaks spelled the difference. The Trojans had three aeriels intercepted, fumbled twice and just couldn't get things together. It was a long night at BHS which ended East-14, Trojans-0. Determined to get into the win column in conference play, the Trojans broke their losing streak by burying the Hildebran Royals 28-6. The Trojans led by 14-6 going into the fourth quarter. The game broke open after Mayberry returned a Trojan interception for a TD. They iced the game with a late score, an eight yard run by wingback William Flowers.

After the stinging defeat of the Royals, the Trojans made their Homecoming game against Granite Falls of the same stuff. The Trojans jumped to an 8-0 first quarter lead on a 20-yard gallop by Wesley Hass. Granite fought back and the half-time score read a close 16-12, Trojans holding a slim lead. The Trojans wrapped it up in the final period when David Lowman broke loose and rambled 50 yards for the final score. "Hit" was the word as the Trojans crushed rival Gamewell 30-20. The team totalled 250 yards rushing along with a balanced aerial attack to tie it down. Back at home, the running of tailback Sam Jones proved to be West Lincoln's Trojan Horse as the Trojans defeated the Rebels 20-12. Behind by 6 at half-time, the Trojans came back fired-up to rally 14 points, which spelled the difference. The Trojans smashed past Foard in the year's finale. The Trojans compiled a devastating 359 yards rushing and 117 yards in the air for a total of 479 yards offense. The Trojan defense did very well, holding Foard's offense to minus 14 yards.

THE TROJANS TIED FOR SECOND PLACE AT MID-SEASON

The Trojans, according to the experts were supposed to have a bad year, since graduation took four of last year's starters. But someone forgot to tell Coach Bill Bost and the Trojans that and the Trojans are looking for a possible conference championship bid. Led by top prep scoring leader Jeff Sherrill averaging 22.4 and big Curtis Odom holding the fourth spot with an average of 19.9, the team swept past first opponent West Lincoln 54-31. Facing the Demons of Granite Falls, the Trojans posted a close 74-71 SD-7 victory. The Trojans came roaring back in the final period to down their next rivals, Bunker Hill 66-63. Making their record stand at 4-0, the Trojans put away the stubborn Hildebran Royals 56-42. Bandys stunned Gamewell with 42 first-quarter points and wound up taking the game 97-52. The East Lincoln Mustangs handed the Trojans their first defeat of the season at East 68-54. In a pair of overtimes the Indians of St. Stephens edged by the Trojans at home 103-99. The Trojans broke conference play briefly to play in the Catawba County Classic Tournament. Conference play resumed with a game at Foard and a handy victory 77-53. Mid-way through the season the Trojans held on to second place by beating Maiden 68-56.

LADY TROJANS WERE "SURPRISE" TEAM OF SD-7

After graduation had played havoc with last year's outstanding team, coach Bill Bost labeled the year as, "definitely a rebuilding year." But that quote faded somewhere between the Trojanettes mid-way conference record of eight wins and one loss. In the season's opener the Trojanettes outscored West Lincoln's girls 57-41. At home, the Lady Trojans reeled off 12 consecutive points in the third quarter and broke open the Granite Falls contest which ended 57-43. Bandys commanded the game against Bunker Hill and finished by winning comfortably 46-36. Hilderbran proved to be little trouble and were downed 67-44. After the first quarter, the game was never in question as the Trojanettes trounced Gamewell at home 74-49. The big game at East Lincoln proved to be the toughest yet, the girls losing in a last-second struggle 40-39. Against St. Stephens with three seconds to play Grace Sherrill sank the game-winning free throw to give it to the Trojanettes 56-55. The girls broke over Christmas to take part in the Catawba County Classic Tournament. The Lady Trojans in their first game after the break ended the Foard girls' unbeaten streak by winning 64-62. At the end of mid-season play, the girls retained their piece of first place by defeating Maiden 47-29.

BASEBALL

This year offered a real challenge to the team, having lost most of the veterans from last year. The task was to gain experience, to rebuild, strengthen, and hopefully to break even. The team, harassed by costly errors, finished with a frustrating season of 5-12, but not without a fight, and that experience bred some outstanding individual performers: Billy Mayberry with a batting average right at 360, and Kelly Robinson batting an even 300.

Though the challenge was met head on, experience was the key and the team yielded 12 games. But simultaneously there was a building of the team.

TRACK TEAM DEMONSTRATES POTENTIAL

Track season began with the addition of a new coach, untried talent, a renewed spirit, and stubborn persistence, and ended with a definite improvement in the team's performance over past years. The team shattered old status quo by winning against rival track teams, East Lincoln and Maiden, in first track meet, posting two second place finishes, and taking top spot in the last track meet of the season. Top trackers were James Grier, Terry Drum, and George Camp.

Though not every tracker was a standout, each was important and definitely part of a group of athletes who were bound together, with a new pride and heartened spirit and definitely part of a team . . . that demonstrated its potential.

Timing it perfectly, Eddie Burris snatches baton from tiring Benny Howard.

George Camp hurls discus for second place spot in meet.

TRACK

The most unique characteristic of this team was the harmony that existed between all the trackers. When in contact with these guys you noticed right away, that they had a common bond holding them together . . . a pat on the back or a few encouraging words, something we call . . . unity of purpose and, of spirit. It was this unity that drew the admiration and respect of everyone close to the team . . . especially the competition!

CHEERLEADERS... THERE THROUGH THE UPS AND DOWNS

Whether or not our teams won, there was always some very enthusiastic cheers going up. If we were down by a pair at half-time or up by seven, we heard the vivacious chanting of these eight Trojanettes. But cheering at sport events didn't take up all their time. What little time that was left was spent at pep rallies, practicing, or marching in local parades. Spirit, be it team or crowd, is essential for a good athletic performance. This year certainly, this spirit proved to be to our advantage.

Captain Debbie Harwell is sure of the outcome of the play.

J.V. FOOTBALL TEAM HURT BY SIZE

In the conference only the St. Stephens squad was smaller, thus, size was definitely a factor this year. In the conference opener against the smaller St. Stephens team, the Indians were never in the game. The Trojans racked up 20 points before the Indians got on the board. The final tally was 20-8. In a fierce down-pour at home, the Trojans beat rival Maiden in a thriller 8-6. All the scoring took place in the final quarter, Trojans scoring with 4:16 on the clock to clinch the victory, with the extra point spelling the difference. The Trojans traveled to Bunker Hill and went down 22-6 to the Bears. In a tight game against the Hildebran Royals, three missed extra points meant the difference, the Trojans losing 22-18. At Granite Falls the Trojans relit the fire and rolled over the Demons 30-8. Hoyle and Purkey passes provided the offensive punch. In the season's finale, the Trojans fought to an 18-18 tie against Game-well. At season's end the team's record read, overall: 4-5-1. In conference play, the final was 3-2-1.

J.V. BOYS' BASKETBALL TEAM GETS GOOD START

Home for the first game, the J.V. Trojans met West Lincoln and completely dominated the game. Led by Chester McCleave with 23 points the team romped the Rebels 79-44. Traveling to Granite Falls the Junior Trojans came out winners over the Demons 53-42. Top scorer was Dean Helton with 21 points. The Junior Trojans won again and ran their conference record to 3-0 by defeating the Hilderbran Royals 52-40. With this early season undefeated record and the team's excellent performance thus far, prospects for the remaining season look very promising.

IN THE EARLY SEASON J.V. GIRLS' BASKETBALL LOOKED PROMISING

The Junior Trojanettes game totals show definite improvement thus far as does the team's overall performance. Oakwood was the first opponent faced by the J.V. girls. In a defensive battle the Junior Trojanettes squeaked to victory 19-16. Teresa Goble carried the offensive burden with 10 points. Back at home, the J.V. girls were downed by a tougher West Lincoln squad. The Junior Trojanettes came bouncing back to soundly defeat the Newton-Conover Devilettes 47-27. The Bunker Hill Bears were next to fall at the hands of the J.V. lasses and by a score of 55-25.

The foul shot is released by Teresa Goble.

THE J.V. CHEERLEADERS SPARKED J.V. TEAM SPIRIT

Spirit is as much a part of the game as all the practice in the world. The desire to win is dependent very much on the voiced support of the crowd watching or by the Cheerleaders. This year the J.V. games didn't draw any large crowds so the extra load was picked up by the Cheerleaders. J.V. team spirit was high in every sport this year and due in part to the fine job of building spirit, done by the J.V. Cheerleaders.

SOPHOMORES TAKE INTRAMURAL CHAMPIONSHIP

As we all know getting a team together and organized in thirty minutes is a real challenge. This year the sophomores of Mr. Hilderbran's and Mr. Ewing's homerooms rose to accept the challenge and the championship. The number one spot did not come without a fight though. The final game against the seniors proved to be the most dramatic. The sophomores squeaked to victory by a mere point. The sophomores were able to clinch the title but were unable to beat a fired-up men's faculty.

Jimmy Mackie earns two points after beating defender George Camp in grueling senior playoff.

Mr. Ewing adds to faculty score with left-handed layup.

Carroll Robinson releases the open shot in game against men's faculty.

Ben Elmore maneuvers for daylight in junior class playoff.

SURPRISES FREQUENTED GIRLS' INTRAMURALS

Increased action, spills, and higher scoring characterized the games this year. Each contest began with vigor and was hard fought even through the last remaining seconds. Thus . . . a surprise, certainly a change from past encounters, this year yielded to a new class champion, and an unexpected one, the freshman homerooms of Foster and Faucette.

A versatile team with good speed and shooting, the freshmen trounced all opponents. But the women's faculty with some assistance from the referees managed to squeeze in four points in the closing minutes to beat the freshmen in the final game of the tournament.

ORGANIZATIONS

THE BETA CLUB IS MOST INDUSTRIOUS

The Beta Club, despite having had the smallest membership, exerted the greatest effort to contribute to the school and students. Activities included the raising and lowering of the flag, keeping the billboard in front of the school posted with information about upcoming events, maintaining a colorful, eye-catching bulletin board in the cafeteria, and staging the main event, the Spring Festival. This year the entire club traveled to Asheville to the Beta Club State Convention the first weekend in April for two days of fun and entertainment. To be honored as a Beta Club member you must obtain a 93 academic average and maintain a 90 average thereafter. Comprised of some of the most outstanding students at BHS the club, this year, proved to be most productive.

In all manner of weather David Setzer raised the flags before school. This day he was lucky.

Beta Club Sponsor, Mr. Kenneth Hildebran, was discussing plans for a meeting later in the week.

THE KEY CLUB WAS RE-ESTABLISHED

... as a responsible, working club. Recovering from the lull of last year, the club built itself into one of the most respected organizations at BHS. The membership was the determining factor, twenty top-notch young men were chosen this year. A tightening of club rules made it tougher to get in. The academic average was raised to a maintained 86 average. The biggest change in the club came in attitude. A pride in the club took over, along with a more sincere concern for student body needs, to enable the twenty to become involved in more projects, and with remarkable success! The Homecoming ceremonies and the Homecoming Dance were the main projects and were praised as, "the best ever," by all who were involved or were present at the activities. Members also took over for the faculty in parking cars at home football games.

Miss Lisa Laney was chosen by the Key Club to be the Key Club Sweetheart, and was also chosen by the entire student body as the Homecoming Queen.

THE SCIENCE CLUB WENT ON SEVERAL EXCURSIONS

For members of the Science Club this year was quite a traveling experience. The club visited a Union Carbide battery production plant in Charlotte, were guests of the Chapel Hill Planetarium for two special Christmas programs about Earth's Environment in Space and the Star of Bethlehem. A small number of the Science Club went to Brevard College to attend a science conference, and the entire Science Club traveled to Oak Ridge, Tennessee—an annual outing. Officers were: President, Randy N. Sherrill; Vice-President, Jeff Eades; Reporter, Bobby Lutz.

THE CHRISTMAS DANCE WAS FRENCH CLUB ENDEAVOR

Breaking up into committees, spelling out the specific duties of each, and finally, after combining everything, the Christmas Dance became a reality. Always the most efficiently run club in the school, thanks to club sponsor, Mrs. McConnell, everything was on schedule for the big event. The dance came off very well. Of course, to become a member of the French Club you must first have taken French and maintained an 85 average, then, you must have been initiated—this year quite an imaginative costume was devised by the old members.

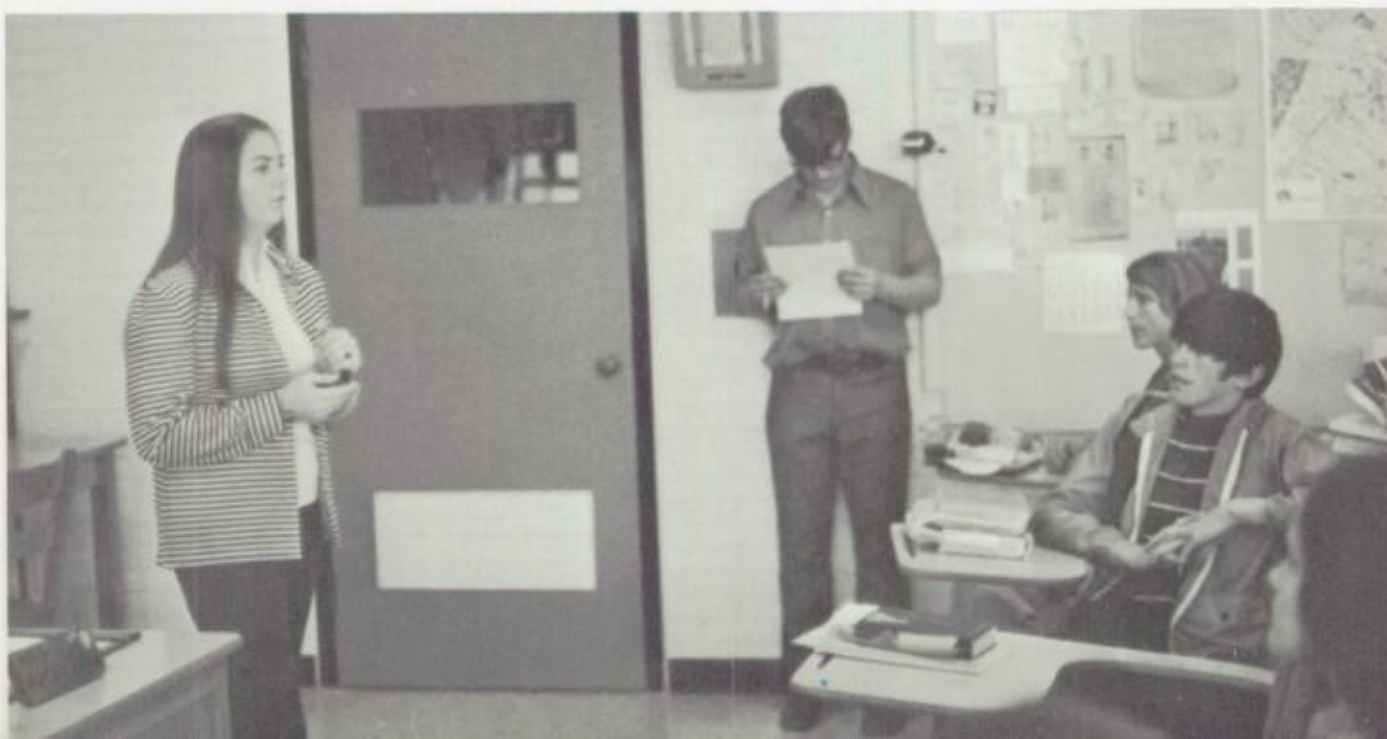

New member, Julie Gabriel, almost made THREE pigtails into a fad.

TROJAN STAFF BROUGHT THE "TROJAN" INTO BEING

Cover to cover these were the students who made it all possible, who worked diligently, typing, proofreading, taking pictures, drawing and redrawing pages. The huge undertaking began in March as the Editors formulated the contents, theme, etc. The REAL work started in mid-November and didn't REALLY end until the Trojan came out. It was always a mad rush the week before pages were due. The Trojan 74 increased substantially in size and with it . . . the task. The staff worked together. All had a constant sense of humor which made the time pass quickly and built an atmosphere conducive to creative and precise work. The staff was chosen painstakingly by the Annual Sponsor, Mrs. Henry Harris. Willing to WORK and to create and to be different, the staff put the Trojan 74 together, and with a certain pride in that accomplishment.

THE TROJAN BAND IS MAIN EVENT.

"It all starts early in the summer, we practice and practice. Sometimes we wonder if it's worth it. But when the music finally begins to fill the air, the message is clear, we've done our homework, and well."

"We are a small Band here at BHS but we are growing all the time. Not just in size, we are getting better too. 'On the go', is a good way to describe us. Starting the school year by playing during half-time at football games, marching in several, very cold parades, playing at the annual Fall Festival, and for the first time, our own Spring Concert, and piping out 'Onward For Bandys' at every pep rally throughout the year."

When the buses start letting off, the scene gets pretty crowded.

BUS DRIVERS MAKE IT ALL POSSIBLE

When the bus passes your house at 7:15 on Monday morning and you mumble something about how early the bus is, look back and see just how lucky you are to have a bus driver who arrives on time and is predictable. There are few things that work as well as our busing system. In fact there is some rivalry between the drivers from Balls Creek and those from Sherrills Ford to see which school buses arrive first.

Most days the bus driver is in a good mood and he makes the ride enjoyable, sometimes he's a grouch, but everyone has his off days. Together these bus drivers share one great responsibility and have met that responsibility, plus some, with pride, model driving, and exceptionally good attitudes.

Today Bus 71 from Sherrills Ford arrived a little behind schedule and students hurry off.

ONE OF THE LIBRARY'S BEST ASSETS IS ITS STUDENT LIBRARIANS

The carefully chosen staff of thirteen student librarians find out immediately that our library is not an easy one to keep up with. There are one or more librarians on duty every study hall to man the desk, shelve, mark, and mend books, to file cards, sign library passes and help you find the book you are looking for. This year especially, the staff has been busy stamping new books and educational materials. A well-organized library such as ours helps to make school life more interesting and definitely easier. This success could not have been possible if it weren't for this fine staff of student librarians.

F.T.A. FILLED IN MANY TIMES FOR ABSENTEES

Whenever a faculty member was sick or unable to come, the F.T.A. assigned one of its 20 members to fill the vacancy. Though it took a great deal of patience, these teachers-to-be endured well. This year saw an unusual week when several teachers were out at once. The club responded fully and merited the sincere appreciation expressed by the Principal, Mr. Sigmon. The F.T.A. also attended the Western Regional Convention of the F.T.A. on November 7 at Lenoir Rhyne College. There they heard recommendations from several speakers on how to become a more active club. If you were an aspiring teacher, THIS year was a busy one for you!

Some clubs did skits supporting their individual projects.

BHS STUDENT BODY GETS REPRESENTATION

Recognizing that we, the Students, needed a more open channel of communication to the administration, a committee of five seniors was elected by the senior class to become the Student Relations Committee. This BASIC committee – John Mackie, Debbie Parker, Mark Moore, Alan Pike and Sandra Clark, worked closely with the administration, Principal, Mr. Sigmon and Advisor Mr. Walker in particular. They drew up a proposal to expand the SRC to include representatives from every class—a standing committee total of fourteen members. At the first full meeting of the SRC, officers were elected. Chairman, Mark Moore; Secretary, Debbie Parker; Reporter, Gladys Ramseur. Equipped now with concerned, creative and capable individuals, the SRC has already involved itself in several projects. Continued and efficient action by the committee looks certain. One key aim of the SRC seems to have already been achieved; that is, assuring the continuance of this vital committee for years to come.

Reynolds High School, and the second in the Appalachian Mountain Forensic Tournament at Appalachian State University. At Appalachian, Affirmative Paula Schmitz was "Top Affirmative Speaker" in the tournament. Both teams will have a good shot at the State finals. Several more debates are planned for later in the year.

INGREDIENTS OF AN OUTSTANDING F.H.A.

1 Large group of BHS students
1 Teacher
1 Pocket full of patience
3 Tablespoons of hard work
3 Barrels full of fun
Combine teacher and student. Slowly pour in a pocketful of sewing, a dash of cooking, and two

fists full of patience. Blend in 3 tablespoons of hard work and now add the last special ingredient, 3 barrels of fun. Let simmer for one or more school years and you will have a group of well-prepared future homemakers.

MANY PROJECTS UNDERTAKEN BY CARPENTRY CLASS

The most time-consuming enterprise the Club took on this year, was to remodel the Band Room at Balls Creek Elementary School. Using all the skills they had learned, the class made the project a total success. They also repaired and re-built some steps and sidewalks at Balls Creek. Perhaps the most enjoyable project was building gun racks for themselves using spare tabletops for buidling material.

THE F.F.A. TOOK MANY CONTEST HONORS

Starting with the F.F.A. oratorical contest, the recitation of the F.F.A. creed by Fred Shuford took first place in the Federation. The Dairy Judging team placed first in the District and went to the state finals in Raleigh. A team of tool judges from the F.F.A. landed a second place finish at the county level of competition. The two booths were number one winners at the County Fair, and the basketball team at White Lake over the summer was number one. They are a winning group of young men involved in many projects, learning a great deal and enjoying it all at the same time.

THE I.C.T. PROGRAM TRAINED STUDENTS WHILE ON THE JOB

"To develop leadership through participation in educational, vocational, civic, recreational, and social activities." Learning all about the business world, loans, income tax forms, job applications and the like, was what the I.C.T. course was set up to teach. Students in the I.C.T. program came half a day and then left for their jobs. The Industrial Cooperative Training Club involved students who were not looking toward college. For young people who were ready to work in their selected fields and were able, the I.C.T. lent the opportunity for the student to stay in school and still hold down a good job.

I.C.T. students are taking a test on the Federal Reserve System.

Tests such as this are vital to vocational education.

THE MONOGRAM CLUB UPPED ITS SIZE AND BECAME MORE SELECTIVE

To be eligible for Monogram Club membership, you must have been an athlete who lettered in a sport at BHS. The privilege of wearing a letter jacket was clamped down on this year by Club Sponsor, Dick Foster, in an effort to make the club more selective. Early in the year the Monogram Club, with the help of the cheerleaders, held a club cook-out at the school.

IT WAS AN ENERGETIC, SPIRIT BUILDING PEP CLUB

The over 100 Pep Club members kept school spirit high by making goal posters for all the home football games, selling football pins and ribbons, sponsoring a poster contest, ordering BHS sweaters, and sitting and cheering together at the games. A special treat was provided by the club at Homecoming this year. There were 85 helium-filled balloons released after the first Trojan touchdown. The Pep Club also purchased a new Pep Club flag to be hung in the gym, and a new American flag to be flown in front of the school. The Pep Club contributed to another worthy cause by purchasing a \$50 ad for the Trojan 74!

CLASSES

"THE CLOSEST AND MOST HARD-WORKING SENIOR CLASS EVER."

It was . . . the feeling you had when you attended Bandys High School in 1974. You didn't have to be a part of the class to feel it. A singularly close unit of ninety-nine individuals, yet interdependent people, met, got to know each other, established lasting friendships and learned a great deal from one another, all in the short experience of High School. Two proms, three homecoming dances,—the best—this year, Christmas dances, skits, working on the annual, football games, parties, basketball games, College Day, batteries of achievement tests, and through it all we emerged together . . . inseparable.

We watched as our nation encountered several crises and were concerned about its slowness to react. The pace of technology had rocketed around us and our society creaked with age. Thus, we made the realization that it was now our turn and our responsibility to renew both our lives and our society.

Our answer to the challenge was contained within our spirits, enhanced by our ideals and realized through our accomplishments. Some might have said that ninety-nine was an odd number, but at BHS in 1974, the unit proved to be somewhat special.

THE EIGHTH GRADE MAKES ITS CONTRIBUTION

Because Balls Creek Elementary School lacks the necessary space, BHS houses an eighth grade in addition to high school students. The eighth grade has contributed a great deal to BHS mainly by being the top salesman in the annual magazine drive. This year eighth graders were eligible for the Science Club, and competed in their own athletic program.

Perhaps the best analogy of a high school education is to compare it to a bridge. To some it may seem like it is a long bridge, and the distance to the other bank is great for those who will still be upon this bridge after we are gone. But time is more precious. Take each step, examine it, learn from it. For the span you will cover means the difference between a secure future and an obscure future. Yes, the bridge will get you to the other side and prepare you to stand on your own, but after that . . . it is all yours. Crossing this bridge is only a part of your total journey.

THE AD STAFF SHRUNK IN SIZE YET GREW IN OUTPUT

Embodied in the Trojan '74 are the events of the past year that touched many of us, yet, the book itself was produced through the efforts of only a few, in comparison. The most hard-working of those few whose efforts made the Annual possible are the members of the Ad Staff. The job required a lot of wheeling around from town to town, business to business, and the end result must have been at least a total of \$50.00 in ads sold. Though the staff was four members short of last year's staff number, patience and application led the twenty-one to the highest receipts ever! Their devotion to class and school is a trait that they must certainly be proud of and is an accomplishment that deserves more than honorable recognition. To you, we, the Editors and staff of the Trojan '74, address our most enthusiastic thank-you.

DELLINGER'S DAY TROJANS (Left to Right) ROW 1: Jackie Setzer, Debbie Harwell, Teresa Brooks, Ida Painter, Elaine Little, Kevin Deal, Anita Ratchford, Lisa Laney. ROW 2: Bradley Martin, Debbie Rudisill, Benny Howard, Tina Korn, Rodney Kale, Susan Garriss, Bobbie Jones, Ronda Josey.

TOP ADVERTISING SALESMEN (Left to Right): Top saleslady, Jackie Setzer; number two saleslady, Debbie Parker; and third highest salesman, Rodney Kale.

THE TROJAN ADVERTISING STAFF (Left to Right) ROW 1: Anita Ratchford, Leslie Lail, Teresa Brooks, Jackie Setzer, Tina Korn, Jamie Dagenhart, Debbie Rudisill. ROW 2: Kevin Deal, Elaine Little, Mary Lou Kale, Debbie Parker, Ronda Josey, Debbie Harwell, Donnie Holbrook. ROW 3: Susan Garriss, Alan Pike, Pam Helton, Richard Pike, Benny Howard, Rodney Kale, Randy Sherrill.

A PRODUCTIVE SATURDAY AT DELLINGER'S DE- PARTMENT STORE

On November 17, at nine o'clock, "Bandys High School Day" began. Students manned all the various departments — lingerie, shoes, upstairs or in the basement. Thanks to the generosity of Mr. Wayne Dellinger, the Trojans received a percentage of all sales that day. Taking shifts to break for lunch, the workers kept someone on-the-job at all times up until closing at 5:30. Besides helping out the Annual, the crew had a good time, and learned a little at the same time! Dellinger's Day was a very important event in the life of the Trojan and we, the Editors and staff would like to extend to you, who participated, our special thanks!

THE TOP SALESMEN WERE BENT ON BEING THE VERY BEST...

... and the best they were! If you were to center out just who made the staff "team" go, it would have to be Jackie Setzer, Debbie Parker, and Rodney Kale. They spurred the ad sales by getting out and selling right away, and if the rest of the staff had waited much longer, there might not have been any ads left for them to sell! Jackie was top saleslady with a record total of \$1,095.00. Debbie was second with \$440.00, and Rodney totaled \$260.00. A phrase used earlier to describe the senior class was brought to life by the efforts of these three individuals in particular — "The most hardworking ever."

A photograph of a wooden bridge over a stream in a forest. The ground is covered with fallen yellow and orange leaves. The background shows trees with green and some yellowing leaves, suggesting an autumn setting. The bridge is made of wooden planks and has a simple wooden railing.

IT WILL BE . . .

for some, their final stride over this bridge we call a High School Education. In four such short strides the void was spanned, the distance closed. As we journeyed upon the trestle, our every move, word, and action taught us more about our world and about ourselves. We prepared for the time when the sturdy planks would no longer be beneath us, and at the same time, concluded that education—learning never stops.

All around us were people, friends, each of them so different from the other. When we noticed *THEIR* novelty, we established *OUR OWN*.

Examining our surroundings closely we discovered that, just like the bridge, our society and our lives were dependent on many other elements for survival. That we could not stand totally alone and that in this, all things are the same. Our changing planet has felt the impact of many crises, yet, many of the crises that plagued us years ago still remain unsolved.

Therefore, a challenge is thrust upon us that cannot be ignored. We must realize that *OUR* answer to the challenge is the *WORLD'S HOPE*. Many great changes have come as the result of the work of a single man. But, remember also that we can accomplish much more together, with idealism our source of strength, self-confidence and courage our tools, unity our power, and a better world our goal.

Think hard, very hard, as you close this writing, about the bridge which you have just crossed. What you will find on the other side is not a world unknown to you, but the very same world which you left here. It will *LOOK* different than before but only because when you stepped off that bridge, called a High School Education, you no longer felt its support or protection, no more proding teachers . . . or handrails, so *YOU* changed.

All your life has been spent preparing for this final stride and now you are ready. Step off onto the soft turf, squeeze it between your toes and know that this is life. Turn back now and face that bridge, face it boldly. Raise your head with pride, swell your chest with the fresh air, and declare with all your heart that *YOU* are *CROSSED*!

Look back and say, *NOT* that this part of your life is just ended, but look instead to the future and say that another . . . is just begun!

COMMUNITY

THE COMMUNITY RESPONDED IN FULL MEASURE...

... to raise the additional funds needed to support the largest Trojan ever! The Delmar Company, which prints the Annual, has been consistently amazed by the tremendous community co-operation and willingness to back the Trojan. The \$8.50 a student paid for the Annual pays only a portion of the total cost. The rest was paid for by ads sold to businesses and individuals throughout the community.

Exceptional participation on the part of persons in the community in attending sports events has supported the various athletic programs at BHS. A comparable community spirit and response to the needs of a school is not to be found anywhere. The Trojan would like to express its most sincere thanks and lasting appreciation to you, the community, for your singularly virtuous efforts this year.

TO THE CLASS OF 1974

May your goals for life be set among the stars,
Your preparation sufficient for planning to obtain them,
Your fortitude of such that would cause you to reach for them,
Your morals so high they will carry you beyond them.
May God bless each of you in His special way.

the finest of the fine and your
friendships shall forever be treasured.*

"We would like to personally thank each and every person who gave so generously of their time to make the 1974 Trojan possible, but because there are so many of you wonderful people, this is the only way we could reach you all.

Putting an annual together is not just a technical thing, it involves feelings and emotions of many people, certainly not just those of the Editors. The 1974 Trojan is not just a book; it represents a state of mind, a reflection of the emotion of the Class of '74 and of the entire school.

We would like to thank two very special people, without whom we would still be putting this thing together. Mr. Kenneth Hilderbran and Mrs. Henry Harris gave up their study halls, nights and weekends, really all the time they could spare, to help us out. To them we owe more appreciation than we can adequately express.

Mr. Hilderbran and Mrs. Harris, having the chance to work on the Trojan with you has been the most rewarding experience in our lives. For that and everything, we thank you."

The "Most Likely to Succeed" are Elaine Little and, trailing behind, Alan Pike.

Robert Dennis, as we can see, along with Jerry Helton are the "Most Courteous."

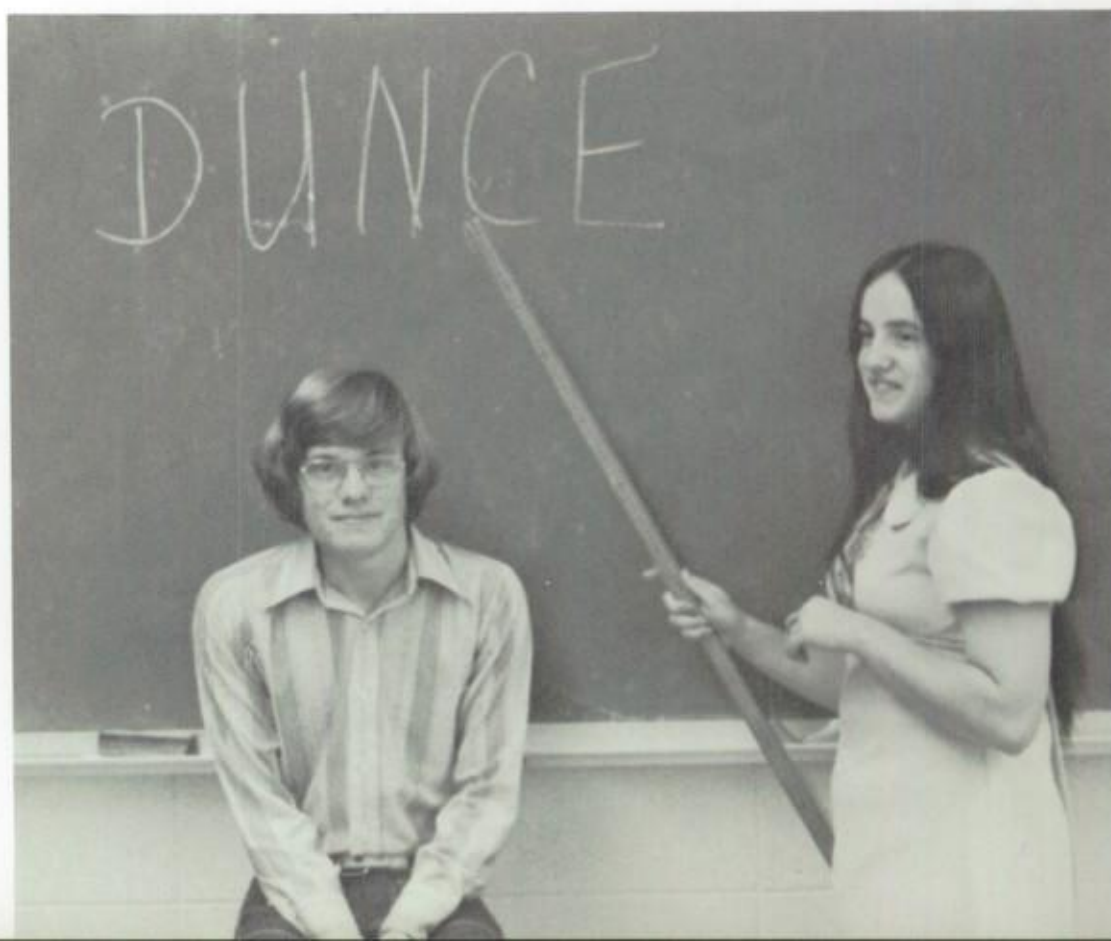

To Mark Moore and Ida Painter, being an individual unlike all others was very important, thus the title of the "Most Original."
